

Master Cleaner is for those who prefer a quick and easy way of cleaning lacquered wood, vinyl and laminate floors. The soap removes dirt and grime effectively, strengthens the surface and makes it more resistant to spills. As the soap leaves no residue, it is perfect for surfaces where frequent washing of floors is necessary, such as kitchen floors. You can also use Master Cleaner for painted floors, tiles and other non-absorbent surfaces.

- **Effective care and cleaning**
- **Produces a stronger, more resistant surface**
- **Fast and easy to use**

Application area

For vinyl, laminate and lacquered/painted surfaces, as well as on tiles and other non-absorbent surfaces.

Work description

Preparation	Wash particularly dirty floors/stubborn stains using WOCA Intensive Wood Cleaner first. Always remember to test on a less visible spot to check the compatibility of the surface with the product.
Treatment	Wash the floor thoroughly using WOCA Master Cleaner mixed to a ratio of 125 ml to 5 L of water. Wash the floor along the length of the floor covering. For best results, use two buckets: one with soap water and the second with clean water to rinse the dirty mop.
Note	For best results, use two buckets: one with soap water and the second with clean water to rinse the dirty mop.
