

Intensive Wood Cleaner is a specially developed cleaning product for all indoor wood surfaces, such as furniture, doors, panels, kitchen worktops etc. regardless of whether they are untreated, oiled or lacquered. Intensive Wood Cleaner effectively cleans and removes dirt, grease and stains, quickly and easily.

- **Removes old soap residue, grease and dirt**
- **Effectively prepares the surface for treatment**
- **For indoor use**

## Application area

---

Cleaning of new, untreated, sanded and treated wood. Ideal for all species of wood.

## Work description

---

Preparation	Use WOCA Wood Stain Remover for particularly stubborn stains.  Always remember to test on a less visible spot to check the compatibility of the surface with the product.
Treatment	Shake the bottle thoroughly before use. Spray Intensive Wood Cleaner onto the surface. Allow the mixture to work for 5 minutes, before wiping down with clean water. Leave the surface to dry for 2-8 hours, depending on subsequent treatments.
Please note	Intensive Wood Cleaner leaves oiled and wax-treated surfaces completely free of oils, so re-oiling/ waxing after cleaning is required. Lacquered surfaces should be refreshed with WOCA Master Care.

## Drying time

---

Drying time	2-8 hours at 20°C
-------------	-------------------

## Technical data

---

Declaration	Less than 5%: non-ionic surfactants, Pyrithione sodium, BENZISOTHIAZOLINONE.
Density	1.00-1.10 g/ml.
pH-value	pH 10-11
Shelf life	3 years
Application Temperature	+15-25°C and approx. 50% air humidity.
Colours	Colourless
Mixing ratio	Ready to use. Do not dilute.
Storage	+10-25°C. Keep out of reach of children. Do not expose to heat (e.g. sunlight). Store frost-free during winter and cool during summer.
Packaging	750 ml
